BEST PRESS Achieves HITRUST CSF® Certification to Manage Risk, Improve Security Posture and Meet Compliance Requirements

Thursday, July 12, 2018

Addison, Tex. – Best Press, a leading woman-owned, North Dallas commercial printing, packaging, and direct mailing company, today announced its data transfer, Door access systems, CCTV, press database, plate printing and access control systems have earned Certified Status for information security by HITRUST.

HITRUST CSF Certified Status demonstrates that Best Press demonstrates that the previously mentioned scope/applications/systems have met key regulations and industry-defined requirements and is appropriately managing risk. This achievement places Best Press in an elite group of organizations worldwide that have earned this certification. By including federal and state regulations, standards and frameworks, and incorporating a risk-based approach, the HITRUST CSF helps organizations address these challenges through a comprehensive and flexible framework of prescriptive and scalable security controls.

“Organizations, like ours, are under great pressure to meet complex compliance requirements that include technical and process elements such as HIPAA, NIST, ISO and COBIT,” explained Mike Heischman, Chief Operations Officer at Best Press. “The HITRUST CSF is the gold-standard that needs to be met for healthcare and financial organizations and Best Press is pleased to be able to demonstrate its commitment by achieving HITRUST CSF Certification”

“HITRUST has been working with the industry to ensure the appropriate information protection requirements are met when sensitive information is accessed or stored in a cloud environment. By taking the steps necessary to obtain HITRUST CSF Certified status, Best Press is distinguished as an organization that people can count on to keep their information safe,” said Ken Vander Wal, Chief Compliance officer of HITRUST.
